

fiduchi

Inspiring. Independent. Trusted.

For over 24 years our ethos has remained the same. Build long-term close relationships with our clients and become their trusted partner of choice.

Starting up in Jersey

With its forward-thinking approach and political and economic stability, Jersey has a long-standing reputation for attracting both successful companies and the people that run them to its beautiful shores. Fiduchi has already worked closely with Digital Jersey, Locate Jersey and tech start-up businesses and individuals looking to relocate and establish a presence in Jersey. From this experience, tailored solutions have been developed by Fiduchi that are more relevant to the requirements of future businesses moving to the island.

How Fiduchi can help?

We recognise that for "local" clients, or those seeking to move to the Island and in a "start-up" phase, keeping costs down is essential. Therefore, keeping true to the Fiduchi ethos of providing bespoke solutions, we are able to tailor our range of services accordingly depending on each client's needs.

Some clients require only a very "basic" bare minimum range of services, which might be limited to providing assistance to incorporate a company only. For others, additional short-term support may be necessary until they have adequately moved to and settled in Jersey.

We have therefore developed a package which can be adapted to each client's requirements, to give them the flexibility to pick-and-mix the services they require to suit their needs.

Our team can assist with your relocation and start-up in the following ways:

- > Formation and administration of a suitable Jersey entity;
- > Provide full or limited company secretarial services;
- > Bookkeeping, accounting and assistance with local filings including tax;
- > Introductions to local banks, estate agents, local schools etc. to help deal with the many practical challenges faced when relocating to a new jurisdiction;
- > Assistance with the recruitment of local staff, or where appropriate, secondment of members of our team, to provide initial support under contract with the company;
- > Payroll services, bank account opening, provision of signatories;
- > Human Resources support;
- > Establishment of staff and executive remuneration schemes such as employee benefits, trusts and share ownership plans;
- > Coordinate with relevant government departments and agencies such as 'Locate Jersey' and 'Digital Jersey'.

Working in Partnership with you.

Cost effective Corporate Services.

Team of Professionals by your side.
